Re: Bag Plant Remodel
240 volt Monitor System

Dear Ken,

We have a price based on our conversation Monday. It is \$1,344 for installation and permit according to the drawings by Mark Wirf dated 5/8/89. I understand that you will provide the following:

- Alarm horn ✓
- Square D relays ✓
- Pushbuttons and indicator lights ✓
- Nameplates and phenolic labels.
- Nema 12 enclosure ✓

We will provide the following:

- Terminal and fuse blocks
- Mounting and installation of all devices provided by Ashgrove
- All conduit, wire, and connections shown highlighted on plans

If this is acceptable, we can proceed immediately.

Sincerely,

Bob W. Witt
